How to Suspend a Lost Card

You may suspend your University of Arkansas I.D. card if it becomes lost or stolen by using either of the two following methods:

1. Go to the Campus Card Office in person and have one of the staff deactivate the card. You will need a photo I.D. in order to do this. The photo I.D. may be a valid driver’s license, military I.D. or a passport.
2. Use the RAZORBUCK$ website at razorbucks.uark.edu

**Note:** One must create an account on the RAZORBUCK$ website in order to deactivate a University I.D. card.

Once you have created your account the new password will be emailed to you. Use this password to login to the RAZORBUCK$ website to deactivate your card.
